Dear Friends and supporters of Southern Sudan Mission. I pray you are lavishing in the grace of our Lord and Savior Jesus Christ.

As in most places throughout the world the continued challenges of Covid 19 affected the mission work in the Gambella Region of Ethiopia in 2021. As in America the indecisiveness of the government officials promoted a great number of doubts and concerns. Despite the pandemic and tribal challenges, the Lord has blessed the mission abundantly in 2021. Below are a few blessings:

There were forty graduates from two semesters of the School of Biblical Studies. Most are working full time with their congregation.

There were three special maturing seminars for the additional preachers. Tyrone Mynhier taught a two-week "Preachers' Problems" and "Maturing" classes for sixty preachers. Brother John Jock, a native, taught a two-week "Leadership" class for sixty plus preachers.

There were two Special Maturing Seminars for twenty women teachers. Tyrone Mynhier taught a one-week seminar on the "Women's Role" in the church. Brother John Jock, a native, taught a one-week seminar on "Leadership" to the twenty teachers and numerous other women

in the refugee camps.

A House of Prayer (church building) and one preacher's house were built at the mission's newest compound located next to an orphanage housing six hundred children

ranging from twelve years and under. Sunday, November 28, Brother's Chan Gatkough and Michael Kolang (preachers for the congregation) met for the first time with the brethren. Another preacher's house is under construction and the construction of six

classrooms will follow. When the Classrooms are completed, we will move other individuals to the compound to work with the orphans,

The Lord blessed the mission with an abundant corn crop this year which produces approximately five thousand pounds of corn. One third of the crop was given to the workers and two thirds were taken to the starving brethren in the bush (forest.)

In the refugee camps the only water available is transported and pumped into huge storage tanks for drinking purposes only; therefore, refugees living in the refugee camps that desire to obey the gospel must be bused to the Newland compound baptistry. The journey is on over-crowded highway buses and requires an overnight stay in Newland. This (in addition to tribal leader's threats) has discouraged many individuals from obeying the gospel; however, there were 125 recorded baptisms. There are always numerous unrecorded baptisms in the villages along the border of Ethiopia and South Sudan among the brethren. Unfortunately, we do not have an accurate account as there is limited communication.

We thought we had an Ethiopian Preacher-Teacher willing to move to Gambella and establish Ethiopian congregations in the Gambella Region but that has not materialized to date. We continue to pray for this to happen soon.

We look forward to a brighter 2022. Our goals include:

1. Graduate forty preachers from the School of Biblical Studies.
2. Begin the first semester of Sunset International Bible Institute Extension School offering a Bachelor's Degree in Bible. (We will invite denominational preachers to attend the school with the goal of converting them to Christ)
3. Start ten new congregations.
4. Five hundred baptisms.
5. Resume the Vacation Bible School that was canceled in 2020 due to covid restrictions. Our goal is for the American teachers to teach 8,000 children and the natives to teach 4,000.
6. Complete classrooms at the orphanage compound and teach as many children as possible, with emphasis on older children.
7. Build a compound (to house a School of Biblical Studies) at Nanyang, Gambella Region, Ethiopia. Many men from this area desire to attend the school but are prohibited due to the distance and travel to Newland.

Note: The mission is contemplating starting a church in Juba the capital city of South Sudan. Please pray we will make the right decision.

“To Him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen.” Ephesians 3:21
